THE TEAM

IMPORTANCE OF THE MANAGER

This section is included in this manual to assist new managers and to establish guidelines for the existing managers of EMLL. It is highly recommended that first year managers consult with managers in the Major Division, as these individuals have been involved with the league for a number of years. Major Division managers are encouraged to aid new managers by advising them in areas when they request assistance.

The Little League Manager is probably the most important factor in determining whether a player has a successful Little League experience. Everyone is aware of the potential benefits that can be earned by players who participate in Little League Baseball.

TEAM MANAGER RESPONSIBILITIES

1. All Managers will have a complete understanding of the rule of Little League play as set forth in the official regulations and playing rules set forth in this section and the Official Little League rulebook.
2. All Managers will be responsible for maintaining discipline both on the field and among the spectators, and will encourage good sportsmanship at all times. Harassment from one team or spectator(s) toward another team or player will not be allowed. Any player, coach, or manager who throws or kicks any equipment in an obvious display of anger is subject to immediate ejection. Umpires have the right to eject managers, coaches, player and spectators from the area around the playing field.
3. Managers will allow no one in the dugout during the game except team members one coach and a scorekeeper (second coach) with the exception of rookies 7 division. Players shall remain in the dugout unless participating in the game.
4. Without exception, all managers will inspect and make certain that all players wear and use protective gear as prescribed in the Official Little League rulebook for the current year.
5. Managers, along with all others in the dugout, will refrain from using tobacco in any form. No manager or coach shall be under the influence of intoxicants or use profanity or conduct himself or herself in any manner detrimental to EMLL while acting in this capacity.
6. All managers are responsible during the game to see that bats, helmets, balls, and loose equipment are kept off the playing field and properly placed in the dugout.
7. Each manager will submit to the opposing manager, at least five minutes prior to the start of any game, a complete lineup on a form approved by EMLL. The lineup shall include the first, last name and player number of all players on the roster as we have a universal batting order. Managers shall provide the official scorekeeper and opposing manager with notice of changes and/or substitutions during the game.
8. Each Manager will have a minimum of eight (8) eligible players ready to play at the

- scheduled starting time. If a team is unable to field nine players, the manager will contact the Player Agent stating conditions 24 hours before game time. There are no forfeits, therefore players may be brought up from a younger division or used from the opposing teams' roster, however the team with fewer than 7 players will take a loss in the standings.
9. All Managers and coaches will be responsible for attending all pre-season clinics and meetings and any other periodic meetings called during the season. Attendance is based on the sign in log distributed at the beginning of every meeting.
 10. Managers and Coaches are expressly prohibited from: cursing in front of players or spectators; man-handling any Little Leaguer; being overly critical of a player in front of his teammates, or violating any official Little League Rule. Umpire protests are prohibited.
 11. Penalty for violating any EMLL or local rules is described as follows:
 - a. First Offense: The offending party will be warned in writing by the League President and/or suspended at the discretion of the Board.
 - b. Second Offense: The offending party will be given a hearing before the Board and informed, in writing, of their penalty. Penalties can include suspension for one or more games up to the entire season or from EMLL entirely.
 12. Managers must have a definite pre-announced start and stop time for practices and follow this schedule closely. They need to inform parents of the need to drop off and pickup their children on time and be available 10 minutes before the end of practice. Also, Managers are expected to finish practice by the pre-announced time. Courtesy is a two-way street.
 13. Managers are responsible to make sure that all players are headed for home on their bikes or have been picked up by their parents at the end of practice. Under no circumstances is the Manager to leave the practice area while a player is alone waiting for a ride.
 14. Scores shall be tracked by each division's player agents. The winning manager will submit the final score of the game with the date of game, time of game, field name, team names and winning team name. In addition, each manager will submit to the player agent pitch counts for that game. Please include all of the game info, pitchers full name, innings pitched (one pitch thrown in an inning constitutes an inning pitched) and number of pitches thrown.

MANAGER & COACH CONDUCT

The men and women who manage Little League Teams are almost always people of outstanding character. They reflect the following characteristics:

1. Reflects an understanding of the team's age group.
2. Is aware that they are an example to the players on their team.
3. Demonstrates that they have an understanding of the philosophy of Little League Baseball.
4. Shows by example, that they respect the judgment and position of authority of the umpire. Instills in their players a respect for the authority of adult leaders in the League.
5. Exercises their leadership role, but leaves the ballgame in the hands of the players.
6. Follows Little League rules and helps each player participate.
7. Encourages their players at every opportunity.
8. Instills a desire to win and to improve, striving to impart as much baseball knowledge as possible to each player.
9. Encourages good health habits, good grooming, and care of uniforms.
10. Is instrumental in shaping acceptable behavior patterns whether the team wins or loses.
11. Knows the playing rules and regulations of Little League and is able to interpret them correctly. Plays by the rules and adheres to their intent, instilling in their players a respect for the rules of the game.
12. Managers are required to be at games 30 minutes prior to start to inspect field condition.
13. Is well acquainted with the player selection system used in the League and selects players according to their abilities.
14. Has knowledge of first aid and safety. Managers must maintain a First Aid Kit for the team. See your player agent.

NOTIFICATION OF PLAYERS/TEAM PARENTS

The Manager should notify all players of their selection to a team, within 48 hours of the Draft. Selection to a team is a moment of great anticipation to a player and occasionally to his parents. This is very important for managers.

TEAM PARENT MEETING

Each Manager will hold a team meeting with the parents of the players on his team. This meeting should be held as soon after the draft as practical. The purpose of this meeting is to get acquainted with the parents and to let them know what is expected of them and the players. To provide them with information about our League and the events planned by the League during the coming year. Suggestions for a successful team parent meeting are

presented below (be prepared with notes and an agenda):

1. Introduce yourself, your Coach, and your backgrounds.
2. Have a copy of the team roster for every child with you and your Coach's phone numbers and each player's address, phone number and parents name
3. Present practice locations and start and finish times. Point out that the Manager is required to never leave the practice area until all of his players ride their bikes for home or are picked up. Make sure the parents are aware of what you will do when they are late. Stress the importance of attending all practices. Baseball is a team game and skills must be practiced with the other players in their positions. If someone misses a practice, then the team suffers. Explain your discipline procedures for missed practices, etc.
4. Distribute rules to all parents and encourage parents to review the rules with the players.
5. Explain special Little League Rules such as minimum playing time, pitching limitation, etc.
6. Explain and discuss parent and player conduct.
7. Equipment needed for practices: Gloves, shoes, hats, long pants, helmets, Cups and other safety equipment. Require clean and complete uniforms for every game. Explain field cleanup schedule.
8. Recruit Team Parent, Scorekeeper, Snack Parents, etc.. **GET PARENTS INVOLVED (must submit annual volunteer background check and be on the approved list).**
9. Explain fund-raisers and the need for money above sign-ups
10. Explain the use of the website for team information, rainouts and league updates.
11. Question and answer period

If you have done this properly, this meeting will get you off to a great start with your kids and their parents. If you look prepared, they will respect you and go along with your plans.

The following material goes into a little more detail on some of the subjects to be discussed at the team meeting:

1. Little League is a parent supported and directed organization and the parents are expected to volunteer full cooperation when called upon to assist. Functions and positions requiring parent assistance include Coaches, Team Parents, Scorekeepers, Field Maintenance and cleanup, and Board of Directors assignment. Parents are invited and encouraged to attend League Meetings.
2. A Team Parent (probably the most important person after the Manager and Coaches - good teams have great team parents) helps the Manager with phone duties and snack schedules.
3. Each team will need an official Scorekeeper for all games. If your Scorekeeper needs some scorekeeping instructions, call you're Player Agent.
4. The conduct of parents, when in contact with Managers, Coaches, players or umpires, shall be that of a responsible adult above reproach at all times. Problems between Managers and parents shall be discussed away from players, preferably

away from the ball field. Parents should remember that no one is perfect and that almost everyone is an unpaid volunteer who is trying their best to help the children. Parents should be reminded of the importance that children need encouragement, not criticism and that they should congratulate winners and encourage losers, and above all, they should enjoy the game and the children striving.

SCOREKEEPER:

Both teams shall provide a Scorekeeper who is responsible for the accurate recording of the game including pitch count as defined by the supplemental rules. They will maintain agreement throughout the duration of the game. (Time may be called for this purpose.) The Scorekeeper for the home team shall be designated as the official Scorekeeper and should use the Official Score Book that has been distributed with the equipment bags.

PRACTICES

Practice is where the player acquires and develops the fundamental skills. Games are nothing more than demonstrations of the learned skills. Managers should continue practices right up to the end of the season. Running effective practices is a real art and the Managers need to try to improve their skills at every opportunity.

EQUIPMENT

Equipment will be issued to the Managers, who will be responsible for its return at the end of the season. Managers will be asked to sign for all equipment issued by the Equipment Manager. Equipment that is broken or damaged during the season must be repaired or exchanged with the Equipment Manager. Damaged safety equipment such as batting helmets and catching gear shall not be used. All players must wear an official Chest protector and throat guard. Boys and girls playing the position of catcher in games and practice must wear a protective cup. Cleats are required. Heart guards are recommended. These are considered personal equipment and is not provided by the League.

UNIFORMS

Uniforms will be issued to all registered players. The uniforms will consist of the following: Intramural Hat, Shirt, Pants, & Socks. These are for the child to keep. Uniforms are expected to be clean before each game. EMLL will furnish all of the above for the players to keep. Each Child is expected to be in uniform for each game; shirts must be tucked in pants. The first time out of uniform they will be warned. The second offense they will not be allowed to play until the "out of Uniform" is corrected. Players are not permitted to wear Travel Uniforms during intramural or games.

EMERGENCY PROCEDURES

1. In the event of accident or injury:
 - a. Use available first aid and secure medical assistance as quickly as possible. First Aid Kits should be maintained by the Manager.
 - b. Secure the assistance of the East Meadow Fire Department 542-0576 or call 911.
 - c. Notify a member of the Board. (The President, Vice President or Player Agent & Safety Officer.)
 - d. Complete the necessary accident Claim Report (Forms can be found at the snack stand)
